Summary

Forward Thinking Engineer. Focus: shadowing employees to learn how they work, building each person a custom AI agent that fits their day, and teaching them to use it well, then scaling across the company. Independent, AI-assisted developer of local workflow tools, desktop interfaces and source-grounded review workflows. Background includes service and hands-on work.

Experience

Independent Project Development - AI-Assisted Software & Evaluation | Oct 2025-present

Direct AI-assisted implementation, debugging, testing and review of local tools, API integrations and documented human next steps.

Selected Projects

Industry AI Suite
